

We're the Directors of Sisters@Heart: Lisa Deck, Caitlan Kane & Jamie O'Hanlon.

Our local non-profit organization, Sisters@Heart, was founded in 2016 because we felt like there was a community need that we could accomplish together. We knew the three of us were the perfect team due to our positive attitudes despite challenging health pasts.

- Jamie's 11 year-old daughter Scarlett was born with a life-threatening heart defect and underwent a repair the day she was born and will continue to need surgeries and intervention for the rest of her life.
- Lisa has suffered four strokes, many years of treatment and endured two brain surgeries to revascularize her brain from a rare disease called Moyamoya Disease.
- Caitlan suffered from heart failure due to peripartum cardiomyopathy immediately after the birth of her third child and was fortunately saved due to the keen eye of her primary care doctor.

All three of us have made fundraising and making our community stronger a priority so others don't have to suffer like we did. Please help us with this mission.

Our local non-profit organization, Sisters@Heart, is excited to again be hosting our Hoedown for Hearts on Saturday, November 19th, 2022 from 6-10pm at the Plainridge Casino in Plainville, MA. We historically have almost 200 guests attend our annual event which include a live band, dinner, dancing, bull riding, a silent auction, raffles, games and more.

Sisters@Heart is a local foundation run entirely by volunteers whose mission is to improve the lives of those affected by heart and stroke. We do this by:

- ★ directly assisting families affected by heart disease and stroke by providing monetary grants or specific medical assistance
- ★ funding research projects at various hospitals and medical facilities
- ★ providing student scholarships to heart and stroke patients
- ★ supporting our local and regional community

Sisters@Heart thanks you for recognizing the important impact we have on our community and for your generous support.
